

Signature Countertop BEVERAGE STATION

More drink options in a sleek countertop design.

Bevi Signature Countertop brings more variety and customization to your routine. Mix still or sparkling water with a wide range of flavors and functional enhancements, and personalize every drink with adjustable carbonation and temperature settings. All in a compact design that fits beautifully into modern spaces.

Features

Expanded customization

Create more personalized drinks with up to 8 flavor slots and mix up to 5 flavors at once—served cold, ambient, or hot (future add-on).

Crisper carbonation

Our integrated Carbonation Plus Nozzle unlocks advanced carbonation performance, delivering crisper bubbles and a more consistent sparkling drink.

Advanced filtration

High-performance filtration reduces contaminants, including up to 99.9% of microplastics.*

Touchless, intuitive experience

A 10" touchscreen with app-enabled touchless dispensing allows for easy, hygienic drink customization and pouring.

What's New

More variety, more revenue potential

With 8 beverage flavor slots, unlock greater drink variety and more premium combinations—designed to elevate the overall experience.

Seamless ingredient management

RFID Flavor scanning simplifies inventory tracking and reduces manual integration—making operations more efficient and reliable.

Refined, modern design

A refreshed head unit delivers a cleaner, more premium look while improving overall usability and integration into modern spaces.

Easier service & installation

An enhanced service panel and guided wizards make setup and maintenance more intuitive, reducing downtime and simplifying operations.

*When used with Bevi's recommended 3M HF20-i carbon filter. Filtered contaminants include bacteria, parasites, cysts, chlorine and microplastics.

Pre-Install Requirements: To be Completed Prior to Installation

Hole in Counter

- A 1 1/4" diameter hole must be drilled through the top of the counter to allow routing of beverage tubing lines and cables.

Cabinet Space

- Fits a standard single cabinet 22" W x 24" D x 36" H and requires a minimum 2" toe kick overhang. Interior clearance must be at least 18" W x 22" D x 22" H.
- Floorless cabinets require a chiller ventilation stand (sold separately).
- All dimensions are based on accommodating CO2 tanks up to 10 lbs. For alternate layout configurations, please refer to the full installation guide.

Plumbing

- Dedicated 3/8" plumbing line, rated for a minimum of 140 psi.
- Minimum supply pressure of 40 psi and 4.0 liters per minute flow rate.

Electrical

- 110-120 VAC, 60 Hz, min 10A circuit breaker.
- GFCI protected 3 prong outlet.

Internet Connection

- Supports WiFi (2.4GHz and 5GHz), ethernet, and cellular (built-in) connection. Machine needs to be connected to one of these options to enable smart functions of the Bevi.

Bevi Countertop Certifications

Electrical Safety

UL 1951 – Standard for Safety Electric Plumbing Accessories

CSA C22.2 No. 120 – Refrigeration Equipment

UL 399 – Standard for Drinking-Water Coolers

Sanitation

NSF/ANSI 18

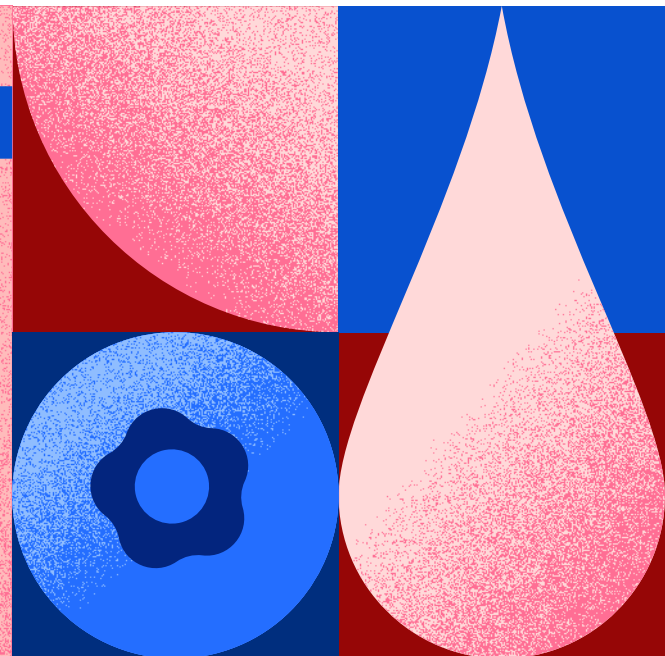

ADA

The Signature Countertop can meet ADA reach requirements.

The distance between the ground and counter must be 30" or less.

The Signature Countertop must be installed flush with the front edge of the counter.
