

# Meet Focus Blend<sup>!</sup>

A wellness-forward functional enhancement featuring a low dose of caffeine and cognitive-enhancing ingredients. Designed to support **focus and mental performance** in modern workplaces.

## Lasting focus, without feeling wired

Keeps you locked in and feeling good, thanks to calming vitamins and minerals like magnesium and B12.

## Gentle, natural caffeine

Low caffeine, similar to a cup of tea, for sharp minds. Made from green coffee beans.

## Goes with everything

Pairs perfectly with any flavor or enhancement on top, offering endless ways to customize and keep everyone smiling.

## Calories
