

The smart, bubbly water dispenser. With an advanced water filtration system, Bevi machines can remove 99.9% of microplastics and contaminants.*

A better beverage solution built for modern workplaces

 **Eliminates disposable waste**

Bevi's Smart Water Cooler® can save thousands of plastic bottles and aluminum cans—helping hit sustainability goals and reduce land fill impact.

 **Provides workplace analytics**

Real-time consumption data available from your Bevi machine can help workplace teams stay in tune with office attendance and amenity utilization data.

 **Brings great tasting, filtered beverages**

Highly-filtered water from our machines can be mixed with naturally-flavored, zero- and low-sugar ingredients, which means employees can not only quench their thirst, but also feel good about their health.

 **Takes down your costs**

Enjoy premium beverages at a fraction of the price of bottled or canned drinks, with no need to waste time restocking fridges or worrying about shrink.

 **Enhances employee experience**

Cutting office costs doesn't have to mean cutting what matters. A Bevi machine is a meaningful perk employees actually use every day, encouraging more in-office moments and productivity.

 **Optimizes space utilization**

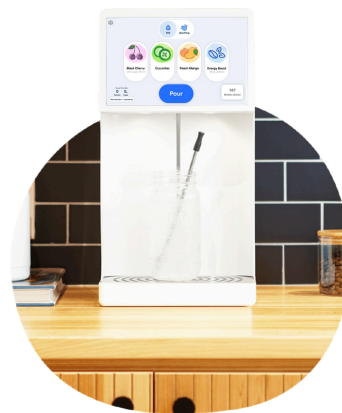

Both Bevi machine models take up less room than a traditional kitchen fridge, freeing up valuable floor and counter space.

The Standup 2.0

Provides maximum variety and personalization with ease.

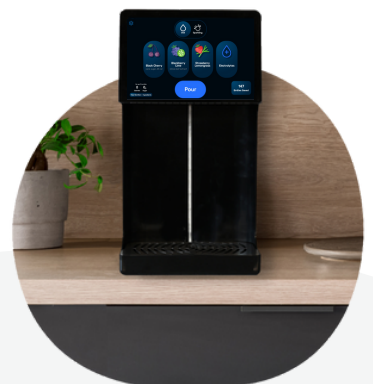

THE ALL-IN-ONE HYDRATION STATION FOR ULTIMATE CUSTOMIZATION

THE SMALL YET MIGHTY WATER DISPENSER FOR COUNTERTOP SPACES

The Countertop 1.5

Looks ideal in any communal area with an innovative design that hides the plumbing in cabinets.

*When used with Bevi's recommended 3M HF20-i carbon filter. Filtered contaminants include microplastics, cysts, as well as chlorine taste and odor.

All-day hydration, endless combos

An array of flavors sure to make everyone smile. Choose a classic or mix flavors together for something all your own. Need a boost? Choose an enhancement like Vitamin Boost, Energy Boost, Electrolytes, or Focus Blend**.

More information on Bevi!

CHEERS TO A GREENER WORLD

Cuts out plastic waste. Each Bevi machine can save tens of thousands of bottles and cans every year. That means less plastic in landfills and oceans, less energy wasted on bottling and transportation, and less waste pickups from your client's workplace.

Supports ESG reporting. Bevi's real-time bottles-saved counter makes it easy to track impact. Clients can plug monthly, quarterly, or annual metrics directly into sustainability reports to show progress on emissions reduction and waste diversion goals.

HYDRATE HAPPY

Improves employee wellness. With a variety of functional ingredients available that utilize naturally-derived caffeine, electrolytes, and vitamins, a Bevi machine can help employees hydrate better and feel more energized throughout the day. Low- and no-sugar options fit right into workplace wellness programs, too.

Filters water at the source. Every beverage poured from a Bevi machine is filtered for microplastics, chlorine, and other unwanted elements. Workplaces can enjoy bubbly or still drinks, with or without added flavors, and not have to worry about what's hiding in their tap water.

Helps track your return-to-office goals. Real-time consumption data available from your Bevi machine can help workplace teams stay in tune with office attendance and space utilization data.

COST SAVINGS

Reduces operational headaches. Bevi removes the need for constant drink deliveries, fridge restocks, and excess trash pickup. It saves space in kitchens and cuts down on amenity waste and misuse that usually goes untracked.

Keeps costs in check. Bevi pours cost a fraction of what you'd pay for bottled drinks—without the associated disposable plastic waste or the manual labor. A better beverage solution that's built for modern workplaces.
