Box Specifications

Labeling to be moved to the side of the box (Old boxes had labels on the front)

Old Flavor Box

New Flavor Box

Key Differences

1. There is now a pull tab on the center of the new box that needs to be torn off in order to access the flavor BIB
2. The flavor label has been moved from the front of the box to the left side
3. Smaller width

Advantages

1. A smaller box width allows for easier double bibbing if desired
2. New pallet will hold 168 BIBs
